SUMMARY

PGDM Finance and Analytics candidate (Great Lakes, 2027) with hands-on **valuation** and **transaction modelling**: an **equity research initiation** on Dabur India, a Larsen & Toubro valuation, and working **merger**, **LBO**, **IPO** and **project finance** models. Interned in revenue assurance at **Paytm**, working on receivables, reconciliation and automated reporting.

EDUCATION

Great Lakes Institute of Management, Gurugram | PGDM, Finance and Analytics **2025 - 2027**

Maharaja Agrasen College, University of Delhi | B.A. (Hons) English | CGPA 6.76/10 **2021 - 2024**

St. Mary's Senior Secondary School, Delhi | Class XII 90.8% | Class X 89.2% | Subject topper in Class XII and X **2021 | 2019**

EXPERIENCE

Paytm (One97 Communications Ltd.), Noida | Revenue Assurance Intern **Apr 2026 - Jun 2026**

- **Analysed B2B client receivables** across advertising, FMCG, D2C and government verticals (**ageing**, **DSO**, **ECL provisioning**) for leadership MIS; applied payments in **SAP**, clearing short payments, TDS and unapplied cash to a **'Matched' GL reconciliation**
- **Built a VBA commentary engine** that flags 90-day-plus balances, ETA status and month-on-month movements and writes the monthly management commentary for every portfolio: **4 hours to under 1 minute (99.6%)**
- **Designed an ETA-vs-collections framework** (Google Sheets, Apps Script) that replaced a 4-day, multi-file VLOOKUP cycle with live performance bands and one-click stakeholder emails: **30 hours a month saved**; replicated by a second team
- **Automated recovery notices** with an approval workflow (**3 hours to 30 minutes** per notice, 40 a quarter); five frameworks went live, freeing **~80 hours a month**; presented at Paytm's Automation Friday to all Revenue Assurance teams

Perfect Solutions (white-goods retail) | CRM and Accounts Manager: follow-ups lifted retention **12%** **2024**

Haryana Electricals (retail) | Store Manager: ordering, sales and daily cash reconciliation **2021**

PROJECTS: VALUATION, DEALS AND RESEARCH

- **Equity Research Initiation, Dabur India** (FLP live project): three-statement model, **FCFF DCF** (WACC 10.35%), **comparable company analysis** and **reverse DCF** (price implies ~7.8% perpetual growth vs 5% modelled); **6-page report: HOLD, target ₹395**
- **Larsen & Toubro Valuation** (course project, group of 4): three-statement model, **regression beta** (Blume-adjusted 1.13), **WACC 12.77%**, DCF sensitivity, EV/EBITDA, EV/EBIT and EV/Revenue comps (outlier-adjusted), **football field**, **Altman Z-score**
- **Portfolio Management** (course project, group of 5): profiled five investors' risk aversion and goals; **covariance matrix**, **efficient frontier** (14 assets) and a 5,000-scenario search for **utility-maximising allocations** (Sharpe **0.452 to 0.728**)
- **Fintech** (course project): **CreditSathi**, a digital-lending prototype on India Stack (Aadhaar e-KYC, DigiLocker, UPI), from application to **credit decisioning** and RBI-compliant disbursement; a tamper-evident **blockchain ledger**
- **Forensic Data Testing** (academic project): six tests in **Python** and **Power BI**, incl. **Benford's Law** and three-way match, on 12,095 synthetic invoices (₹123.8 Cr), flagging 1,152 exceptions (₹25.5 Cr)
- **Deal Studio** (independent): **M&A accretion/dilution** with synergy breakeven; **LBO** (sources and uses, debt schedule; 21% IRR, 2.59x MOIC); **IPO book-building** (SEBI ICDR); **bond pricing**; **100 MW solar project finance** (DSCR); **IBC waterfall**
- **Project Orvelle** (independent): built and valued a D2C brand end to end (cohort model, three statements, DCF vs multiples, cap table, LBO); wrote an **8-slide investor teaser** for a ₹20 Cr growth round
- **Deal notes:** Sun Pharma - Organon ($11.75 bn), Emirates NBD–RBL Bank ($3 bn), the NSE IPO, India's outbound M&A wave

CERTIFICATIONS AND JOB SIMULATIONS

- **Equity Research and Financial Modeling Analyst**, FLP (live project) | **Financial Markets**, Yale University | **Power BI Data Analyst**, Microsoft | **Google Data Analytics** | **Python Core to Advanced**, Pregrad | **Lean Six Sigma Green Belt**
- **Forage job simulations:** J.P. Morgan Investment Banking | J.P. Morgan Quantitative Research | Citi Markets Sales and Trading | Bank of America Investment Banking | Standard Chartered Credit Analyst
- **Also completed:** COBIT 2019 Foundation | Advanced Customer Relationship Management, Microsoft | **In progress:** Sales and Marketing Leadership Program (live project)

SKILLS

Modelling and valuation: financial statement analysis, three-statement modelling, FCFF DCF, WACC and regression beta, comparable company analysis, reverse DCF, LBO, M&A accretion/dilution, sensitivity analysis
Markets, credit and diligence: IPO book-building, bond pricing, credit analysis, project finance (DSCR), IBC restructuring, working capital for due diligence (DSO, ageing, ECL), industry research, pitch materials
Tools: Advanced Excel (VBA, Power Query), PowerPoint, Power BI, Tableau, Python (pandas), SAP, Apps Script

LEADERSHIP AND ACHIEVEMENTS

- **Treasurer**, Self Interest Club, GLIM-G (2026): budgeting and financial oversight | **Led a 15 member team** running a 3-day festival for 2,000+ attendees | **Secured recruiters** for GLIM-G's internship drive
- **Top 15, Crest x Grant Thornton** case competition (root-caused a 65% cycle-time variation across 100 hospital trips) | **Taught AI and coding** to Class 7 students, APS Noida (Rotary International) | **Volunteer**, Sanatan Dharma Organisation
